

"On wall" satellite speakers **Elora**

Description :

- On Wall speaker/satellite (wall bracket supplied) can be used as Center speaker in Horizontal position or Left and Right speaker (LR) in a vertical position.
- On shelf stand for bookshelf or table positioning, horizontally as Center or vertically as LR, with an optional metal shelf stand.
- Excellent finish, 2 decorative safety glass panels 8 mm thick and solid carved aluminum parts.
- Interior design flexibility : without a grill or with a choice of 5 optional color magnetic grills : black, silver, white, orange or green.
- Very slim : 8 cm thickness.
- For more flexibility, Elora is compatible with articulated Wall brackets : VESA 75 standard.
- Very high power handling (Heatstream technology).
- Unequalled performances for this very compact speaker that can be associated to flat panel TVs.

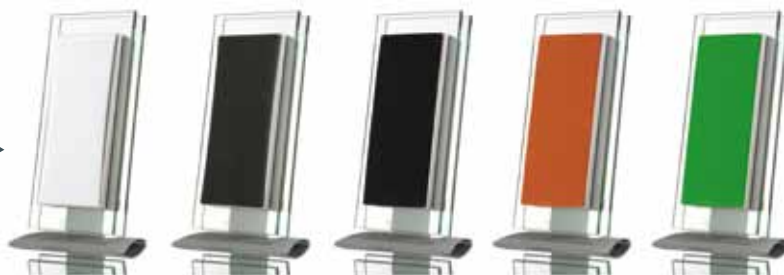

Elora center on shelf stand (optional)

Audio Applications :

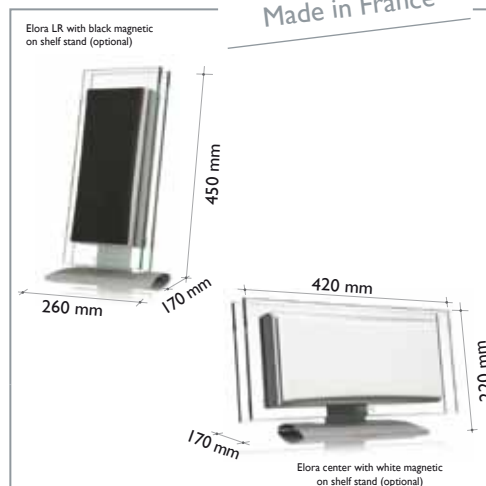

- Audio video systems 2.1 or 5.1 in combination with a Waterfall High Force Subwoofer from the High Force Subwoofer range (HF1 for rooms 25 m², HF2 : 20 to 50m², HF3 : 30 to 80m²).
- Elora Center speaker, can be associated to a pair of Iguasçu Evo or Victoria Evo as front speakers.
- High performance Hi Fi stereo system in 2.1 teamed with the HF2 subwoofer.
- Without a subwoofer, positioned in the corners of a room suitable for multi room sound, ambiance music, sound in conference rooms, shops, restaurants and clubs. Also ideal for quality TV sound.

optional color magnetic grills (5 colors)

Made in France
